The statement of scope for this rule, SS 020-11, was approved by the governor on August 31, 2011, published in Register No. 669, on September 14, 2011, and approved by Attorney General J.B. Van Hollen on September 26, 2011.

STATE OF WISCONSIN
Department of Justice

ORDER ADOPTING EMERGENCY RULES
DOJ-2011-01

INTRODUCTORY CLAUSE

The State of Wisconsin Department of Justice (“DOJ”) proposes an order to create chapter Jus 17 and chapter Jus 18 relating to licenses authorizing persons to carry concealed weapons; concealed carry certification cards for qualified former federal law enforcement officers; and the certification of firearms safety and training instructors.

ANALYSIS BY THE DEPARTMENT OF JUSTICE

DOJ proposes to promulgate emergency administrative rules relating to the implementation of DOJ’s statutory responsibilities under 2011 Wis. Act 35 regarding licenses authorizing persons to carry concealed weapons, concealed carry certification cards for qualified former federal law enforcement officers, and the certification of firearms safety and training instructors.

The emergency rules proposed here will be placed in two new chapters. The first new chapter will be designated ch. Jus 17 and will be titled “Licenses to Carry a Concealed Weapon.” The second new chapter will be designated ch. Jus 18 and will be titled “Certification of Former Federal Law Enforcement Officers.”

The scope of these proposed rules was described in a scope statement approved by the Governor on August 31, 2011. That scope statement anticipated that all of the proposed rules would be placed in a single chapter, designated ch. Jus 17. The present Order now proposes that the particular rules related to the certification of former federal law enforcement officers instead be placed in a separate chapter, designated ch. Jus 18. This separation is proposed for the purpose of improving the clarity of the rules. The overall scope of all of the proposed rules, however—including those now slated for placement in ch. Jus 18—was described in the previously approved scope statement and remains unchanged.

In addition to the rules proposed in this Order, the new chapter ch. Jus 17 will also contain another rule—being separately promulgated by DOJ—that designates those states that issue a permit, license, approval, or other authorization to carry a concealed weapon that is entitled to recognition in Wisconsin under s. 175.60(1)(f), Stats.

Statutes interpreted: ss. 175.49(3)-(4) and 175.60, Stats.

Statutory authority: ss. 175.60(7), 175.60(14g), 175.60(15)(b), 227.11(2)(a), Stats.

Explanation of statutory authority:

A. Section 175.60(7), Stats.

Those portions of the proposed rules that will establish the amount of the fee to be charged for a concealed carry license are expressly and specifically authorized and required by s. 175.60(7), Stats., which provides:

SUBMISSION OF APPLICATION. An individual may apply for a license under this section with the department by submitting, by mail or other means made available by the department, to the department all of the following:

...

(c) A license fee in an amount, as determined by the department by rule, that is equal to the cost of issuing the license but does not exceed \$37. The department shall determine the costs of issuing a license by using a 5-year planning period.

B. Section 175.60(14g), Stats.

Those portions of the proposed rules that will establish procedures for the administrative review by DOJ of any denial, suspension, or revocation of a license are expressly and specifically authorized by s. 175.60(14g), Stats., which provides:

DEPARTMENTAL REVIEW. The department shall promulgate rules providing for the review of any action by the department denying an application for, or suspending or revoking, a license under this section.

C. Section 175.60(15)(b), Stats.

Those portions of the proposed rules that will establish the amount of the fee to be charged for the renewal of a concealed carry license are expressly and specifically authorized by s. 175.60(15)(b), Stats., which provides:

The department shall renew the license if, no later than 90 days after the expiration date of the license, the licensee does all of the following:

...

4. Pays all of the following:

a. A renewal fee in an amount, as determined by the department by rule, that is equal to the cost of renewing the license but does not exceed \$12. The department shall determine the costs of renewing a license by using a 5-year planning period.

D. Section 227.11(2)(a), Stats.

Those portions of the proposed rules that are not specifically authorized by ss. 175.60(7), (14g), and (15)(b), Stats., as described above, are authorized by s. 227.11(2)(a), Stats., which provides:

(2) Rule-making authority is expressly conferred as follows:

(a) Each agency may promulgate rules interpreting the provisions of any statute enforced or administered by the agency, if the agency considers it necessary to effectuate the

purpose of the statute, but a rule is not valid if the rule exceeds the bounds of correct interpretation. All of the following apply to the promulgation of a rule interpreting the provisions of a statute enforced or administered by an agency:

1. A statutory or nonstatutory provision containing a statement or declaration of legislative intent, purpose, findings, or policy does not confer rule-making authority on the agency or augment the agency's rule-making authority beyond the rule-making authority that is explicitly conferred on the agency by the legislature.
2. A statutory provision describing the agency's general powers or duties does not confer rule-making authority on the agency or augment the agency's rule-making authority beyond the rule-making authority that is explicitly conferred on the agency by the legislature.
3. A statutory provision containing a specific standard, requirement, or threshold does not confer on the agency the authority to promulgate, enforce, or administer a rule that contains a standard, requirement, or threshold that is more restrictive than the standard, requirement, or threshold contained in the statutory provision.

This statute expressly confers on DOJ the general power to determine whether administrative rules interpreting those statutory provisions in 2011 Wis. Act 35 that are to be enforced or administered by DOJ are necessary to effectuate the purpose of those statutory provisions and, if such necessity is found, to promulgate such administrative rules, as long as those rules do not exceed the bounds of correct interpretation of the governing statutes.

DOJ finds that the rules here proposed are necessary to effectuate those portions of ss. 175.49 and 175.60 that require DOJ to establish and operate procedures governing:

- the issuance of concealed carry licenses to qualified applicants, including verification that each applicant has satisfied the applicable statutory training requirements, has passed the mandatory background check, and has met all of the other statutory eligibility requirements for a license;
- the issuance of concealed carry certification cards to qualified former federal law enforcement officers residing in Wisconsin, including verification that each applicant has satisfied the applicable firearms certification requirements, has passed the mandatory background check, and has met all of the other statutory eligibility requirements for certification;
- the administration of concealed carry licenses and certifications that have been issued by DOJ, including the maintenance and treatment of records; the receipt and processing of information from courts about individuals subject to a court-imposed disqualification from possessing a dangerous weapon; the renewal of licenses and certifications and the replacement of those that are lost, stolen, or destroyed; the processing of address changes or name changes for licenses and certifications; procedures and standards for revoking or suspending a license or certification; procedures for the administrative review by DOJ of any denial, suspension, or revocation of a license or certification; and procedures governing DOJ's cooperation with courts and law enforcement agencies in relation to emergency licenses issued by a court; and

- the qualification and certification of firearms instructors by DOJ and the identification of those firearms instructors who are certified by a national or state organization.

DOJ further finds that the rules here proposed:

- do not exceed the bounds of correct interpretation of ss. 175.49 or 175.60;
- are authorized by the statutes described above and are not based on authority derived from any other statutory or nonstatutory statements or declarations of legislative intent, purpose, findings, or policy;
- are authorized as necessary interpretations of the specific requirements of ss. 175.49 and 175.60 and are not based on authority derived from any other general powers or duties of DOJ; and
- do not impose any standards or requirements that are more restrictive than the standards and requirements contained in ss. 175.49 and 175.60.

For these reasons, those portions of the proposed rules that are not specifically authorized by ss. 175.60(7), (14g), and (15)(b), Stats., are authorized by s. 227.11(2)(a), Stats.

Related statutes or rules: Prior to the enactment of 2011 Wis. Act 35, Wisconsin statutes and administrative rules contained no provisions for licenses authorizing members of the general public to carry concealed weapons, no provisions for state certification of instructors to teach firearms safety and training to the general public, and no provisions for state issuance of firearm certification cards for qualified former federal law enforcement officers. The rules proposed in the present Order are the first to address these subjects and there are thus no other related statutes or rules at the present time.

Plain language analysis: In 2011 Wisconsin Act 35, the state of Wisconsin established a new system under which DOJ is required to issue licenses authorizing eligible Wisconsin residents to carry concealed weapons in Wisconsin and to certify firearms safety and training instructors. The legislation also authorizes DOJ to issue concealed carry certification cards to qualified former federal law enforcement officers who reside in Wisconsin. The proposed rules carry into effect the legislative directives set forth in Act 35. In a few areas, the proposed rules give substance to undefined statutory terms and supply standards needed to ensure that licenses and certification cards are issued only to eligible individuals and that all applicants and licensees are properly identified at all times. Such rules are specifically intended to carry out the legislative intent of Act 35.

The proposed emergency rules cover four subject areas:

First, the proposed rules govern the issuance of concealed carry licenses to qualified applicants by DOJ pursuant to s. 175.60, Stats. These rules govern all aspects of the licensing process and describe the procedures and standards under which DOJ will process applications, collect fees, and verify that each license applicant meets all of the license eligibility requirements under s. 175.60(3), Stats., including procedures and standards for certifying that an applicant has satisfied the applicable statutory training requirements and procedures for conducting the statutorily required background check of each applicant to determine whether the applicant is prohibited from possessing a firearm under state or federal law.

Some of the standards supplied by these rules give substantive content to such undefined statutory terms as “firearms safety or training course” and “national or state organization that certifies firearms instructors.” Such standards are necessary to carry out the legislative purposes of ensuring that all

licensees have been trained in firearms and firearms safety and of ensuring that all certified firearms instructors have demonstrated the ability and knowledge required for providing training in firearms and firearms safety.

Similarly, the proposed rules specify the types of information that must be included in a training certificate or affidavit in order for DOJ to find that certificate or affidavit to be sufficient to satisfy the training documentation requirements in s. 175.60(4)(a), Stats. Such specification is necessary to give substantive content to the statutory documentation requirements so as to carry out the legislative purpose of ensuring that every successful applicant for a concealed carry license has adequately demonstrated completion of at least one of the forms of statutorily required training.

Second, the proposed rules govern the administration of concealed carry licenses that have been issued by DOJ. These rules cover: the maintenance and treatment of licensing records by DOJ; the receipt and processing by DOJ of information from courts regarding individuals subject to a court-imposed disqualification from possessing a dangerous weapon; procedures for renewing a license and replacing a license that is lost, stolen, or destroyed; procedures for processing address changes and for issuing a new concealed carry license or certification card to an individual who changes his or her name; procedures and standards for revoking or suspending a license; procedures for the administrative review by DOJ of any denial, suspension, or revocation of a license; and procedures governing DOJ's cooperation with courts and law enforcement agencies in relation to emergency concealed carry licenses issued by a court pursuant to s. 175.60(9r). The rules for administrative review of a denial, suspension, or revocation of a license include procedures for conducting fingerprint checks to verify the identity of any applicant who has been found to be ineligible based on a background check.

Third, the rules govern the procedures and standards under which DOJ will issue concealed carry certification cards to qualified former federal law enforcement officers pursuant to s. 175.49(3), Stats. These rules govern all aspects of the certification process for former federal officers who reside in Wisconsin and describe the procedures and standards under which DOJ will process applications, collect fees, and verify that each applicant meets all of the certification eligibility requirements under s. 175.49(3)(b), Stats., including procedures and standards for certifying that an applicant has satisfied the firearm qualification requirement under s. 175.49(3)(b)5., Stats., and procedures for conducting the statutorily required background check of each applicant to determine whether the applicant is prohibited from possessing a firearm under federal law.

These rules also cover: the maintenance and treatment of certification records by DOJ; procedures for renewing a certification card and replacing a card that is lost, stolen, or destroyed; procedures for processing address changes or name changes by a certified former federal officer; procedures and standards for revoking or suspending a certification; and procedures for the administrative review by DOJ of any denial, suspension, or revocation of a certification. The administrative review procedure includes procedures for checking fingerprints to verify the identity of any certification applicant who has been found to be ineligible based on a background check.

Fourth, the proposed rules govern the procedures and standards for the qualification and certification of firearms instructors by DOJ under s. 175.60(4)(b), Stats., and provide a definition identifying those firearms instructors who are certified by a national or state organization, as provided in s. 175.60(4)(a), Stats.

Summary of, and comparison with, existing or proposed federal regulation: For persons other than current and former law enforcement officers, the regulation of the carrying of concealed weapons is primarily governed at the state level. Numerous federal statutes and regulations restrict the possession of weapons that have been shipped in interstate commerce, but there are no federal regulations

that relate to the licensing of concealed carry by such persons, nor are there federal regulations governing the certification of firearms instructors for concealed carry purposes.

For qualified current and former law enforcement officers, state and local laws restricting the carrying of concealed firearms are federally preempted by 18 U.S.C. §§ 926B-926C (commonly referred to as “H.R. 218”). The provisions in 2011 Wis. Act 35 related to qualified current and former law enforcement officers are state-law codifications of the corresponding provisions in H.R. 218. Similarly, the rules proposed here governing procedures and standards for the issuance and administration of concealed carry certification cards for qualified former federal law enforcement officers also codify corresponding provisions in the federal law.

Comparison with rules in adjacent states:

A. Iowa

Iowa provides by statute that any person who meets specified eligibility and training requirements and who files a proper application shall be issued a nonprofessional permit to carry weapons. Iowa Code § 724.7(1). The information to be included on the application form is prescribed by statute. Iowa Code § 724.10(1).

Iowa statutes specify a variety of methods by which a license applicant may demonstrate the requisite knowledge of firearms safety. Iowa Code § 724.9(1). Satisfaction of any of these methods may be documented by submitting: (1) a copy of a certificate of completion or similar document for a course or class that meets the statutory requirements; (2) an affidavit from the instructor or organization conducting such a course or class that attests that the applicant has completed the course or class; or (3) a copy of any document indicating participation in a firearms shooting competition. Iowa’s administrative rules give these requirements additional substantive content through definitions of “firearm training and documentation” and “firearm training program.” Iowa Admin. Code § 661.91.1(724).

Upon receipt of a completed application, the commissioner of public safety is required to conduct a criminal background check to determine whether the applicant is statutorily eligible for a permit. Iowa Code § 724.10(2); Iowa Admin. Code § 661-91.5(724)(1). The commissioner must approve or deny a permit application within 30 days. Iowa Admin. Code § 661-91.5(724)(2). Denial decisions must be issued in writing, with reasons. Iowa Admin. Code § 661-91.5(724)(4). If a permit holder is arrested for a disqualifying offense, the commissioner may immediately suspend the permit and immediately notify the holder in writing. Iowa Admin. Code § 661-91.6(724)(1). If the arrest results in a disqualifying conviction, the permit is revoked. Iowa Admin. Code § 661-91.6(724)(4). If there is no conviction, the permit is reinstated. Iowa Admin. Code § 661-91.6(724)(3). Iowa’s administrative rules provide an administrative hearing procedure for appealing the denial, suspension, or revocation of a *professional* weapons permit, but do not expressly provide an appeal procedure for a non-professional permit.

B. Minnesota

Minnesota provides by statute that any person who meets specified eligibility and training requirements and who files a proper application shall be issued a permit to carry a pistol. Minn. Stat. § 624.714(2). Applications are made to the sheriff of the county in which the applicant resides. Minn. Stat. § 624.714(2). The information to be included on the application form is prescribed by statute. Minn. Stat. § 624.714(3). A permit applicant must have received training in the safe use of a pistol within one year prior to the application. Minn. Stat. § 624.714(2a)(a). To establish such training, an applicant must submit a copy of a certificate signed by the training instructor and attesting that the applicant attended and completed the training. Minn. Stat. § 624.714(3)(c)(2).

Upon receiving a permit application, the sheriff is required to conduct a criminal background check to determine whether the applicant is statutorily eligible for a permit. Minn. Stat. § 624.714(4). The sheriff must approve or deny a permit application within 30 days. Minn. Stat. § 624.714(6). A denied applicant is given the right to submit additional information and the sheriff then has 15 days to reconsider the denial. Minn. Stat. § 624.714(6)(b). All denial decisions must be issued in writing, with reasons, including the factual basis for the denial. Minn. Stat. § 624.714(6)(b). A permit is void any time the holder becomes legally prohibited from possessing a firearm. Minn. Stat. § 624.714(8)(a). If the sheriff has knowledge that a permit is void, the sheriff must give written notice to the holder, who must return the permit. Minn. Stat. § 624.714(8)(a). If a permit holder is convicted of a disqualifying offense, the convicting court must take possession of the permit and send it to the issuing sheriff. Minn. Stat. § 624.714(8)(b). A decision denying or revoking a permit may be appealed to the district court of the jurisdiction in which the permit application was submitted. The appeal is heard by the court de novo without a jury. Minn. Stat. § 624.714(12).

C. Michigan

Michigan provides by statute that any person who meets specified eligibility and training requirements and who files a proper application shall be issued a license to carry a concealed pistol. Mich. Comp. Laws § 28.425b(7). Applications are made to the concealed weapon licensing board of the county in which the applicant resides. Mich. Comp. Laws § 28.425b(1). The information to be included on the application form is prescribed by statute. Mich. Comp. Laws § 28.425b(1).

A license applicant must demonstrate knowledge and training in the safe use and handling of a pistol by successfully completing a pistol safety training program that meets statutorily prescribed requirements. Mich. Comp. Laws § 28.425b(7)(c). The training program must consist of at least eight hours of instruction, must cover specified subject areas, must include at least three hours on a firing range, must require firing at least 30 rounds of ammunition, and must be taught by an instructor certified by the state or by a national organization. Mich. Comp. Laws § 28.425j(1). The training program must provide an instructor-signed certificate indicating that the program meets the statutory requirements and was successfully completed by the license applicant and the applicant must include a copy of that certificate with the license application. Mich. Comp. Laws §§ 28.425b(1)(j) and 28.425j(1)(c).

After submitting an application, an applicant is statutorily required to submit a fingerprint card to the state police. Mich. Comp. Laws § 28.425b(9)-(10). The fingerprints are sent to the FBI and checked against state police records. Mich. Comp. Laws § 28.425b(10). Within 10 days after receiving fingerprint comparison results from the FBI, the state police must provide a fingerprint report to the appropriate county concealed weapon licensing board. Mich. Comp. Laws § 28.425b(10). The licensing board must grant or deny a license within 45 days after receiving the fingerprint report, except that if the state police do not send a fingerprint report to the licensing board within 60 days after results are received from the FBI, then the licensing board shall issue the applicant a temporary license which is valid for 180 days. Mich. Comp. Laws § 28.425b(13)-(14).

License denial decisions must be issued in writing with reasons and supporting facts. Mich. Comp. Laws § 28.425b(13). Denial decisions may be appealed to the circuit court of the jurisdiction in which the applicant resides. Mich. Comp. Laws § 28.425d(1). Court review is based on the written record of the application proceeding, except in cases in which a determination has been made that the applicant is a safety risk, in which case there is a hearing de novo before the court. Mich. Comp. Laws § 28.425d(1).

If a license holder is charged with a disqualifying criminal offense, the prosecuting attorney must promptly notify the county licensing board. Mich. Comp. Laws § 28.425m. The prosecutor must also notify the board of the subsequent disposition of the charge. Mich. Comp. Laws § 28.425m. Upon receiving notice that a licensee has been charged with a disqualifying offense, a licensing board must immediately suspend the person's license until there is a final disposition of the charge. Mich. Comp. Laws § 28.428(3). The licensee must be given written notice of the suspension and may request a prompt administrative hearing on the suspension. Mich. Comp. Laws § 28.428(3). If the licensing board determines that a licensee is no longer eligible for a license, the license shall be revoked. Mich. Comp. Laws § 28.428(4).

D. Illinois

Illinois does not issue licenses for the carrying of concealed weapons.

Summary of factual data and analytical methodologies: The proposed rules are predicated on legal analysis by DOJ staff of the language and requirements of Act 35. Based on that analysis, DOJ has determined that the proposed rules are necessary for DOJ to carry out its responsibilities under Act 35.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact report: The proposed rules do not impose any financial or compliance burdens that will have a significant effect on small businesses or a significant economic impact. Accordingly, DOJ has determined that the gathering and analysis of additional data regarding any such effects or impact is unnecessary.

Effect on small business: The proposed rules do not have a significant effect on small business.

FINDING OF EMERGENCY

Under section 101 of 2011 Wis. Act 35, most of the provisions of that Act—including the provisions governing the licensing and certification processes covered by the rules proposed here and the provisions authorizing the carrying of a concealed weapon by the holder of a license, an out-of-state license, or a certification card—will have an effective date of November 1, 2011. In particular, s. 175.60(9), Stats., will require DOJ to begin receiving and processing license applications and issuing or denying licenses as soon as that provision takes effect on November 1, 2011. The Legislature has thus determined that the public welfare requires the licensing system to take effect on November 1, 2011.

DOJ cannot comply with the requirements of s. 175.60(9), Stats., and related statutory requirements until it has in effect administrative rules establishing the procedures and standards that will govern DOJ's enforcement and administration of those requirements. It follows that, in order for DOJ to meet its statutory duties that take effect on November 1, 2011, it must complete the promulgation of such administrative rules prior to that date.

Under the non-emergency rulemaking procedures of ch. 227, Stats., before the proposed rules could be promulgated, numerous notice, hearing, and publication requirements would have to be fulfilled—including, but not limited to a public hearing on the proposed rules, preparation of a detailed report including a summary of public comments and DOJ’s responses to those comments, and legislative review of the proposed rules. DOJ has determined that it is impossible for all of the required steps in that non-emergency rulemaking process to be completed by November 1, 2011. Only if DOJ utilizes the emergency rulemaking procedures of s. 227.24, Stats., can the requisite rules be promulgated and in effect in time for DOJ to meet its statutory duties that take effect on November 1, 2011. The public welfare thus necessitates that the proposed rules be promulgated as emergency rules under s. 227.24, Stats. Once the proposed emergency rules have been promulgated, DOJ will promptly follow up with the promulgation of a permanent version of the rules under the full rulemaking procedures.

If the written decision issued under subd. 1. reverses the denial of a license application, the department shall withdraw any previously issued non-approval number and shall issue the license, assign a license number to the licensee, and promptly send the license document to the licensee by 1st class mail. If the department has previously received a set of fingerprints from the applicant, the department shall return those fingerprints to the applicant.

5. If the written decision issued under subd. 1. reverses the revocation or suspension of a license, the department shall reinstate the revoked or suspended license and the written decision shall include notification to the licensee of such reinstatement. If the licensee has previously delivered the revoked or suspended license document to the department pursuant to s. Jus 17.07(3)(a), the department shall promptly return the reinstated license document to the licensee by 1st class mail. If the department has previously received a set of fingerprints from the licensee, the department shall return those fingerprints to the licensee.

6. If the written decision issued under subd. 1. includes a finding that any pertinent background check record is erroneous or incomplete, the department shall take appropriate steps to correct that record.

Policy Problem Addressed by the Rule		
Implementation of 2011 WI Act 35 by the November 1, 2011 effective date. Act 35 creates a procedure by which a person may apply to the Department of Justice for a license to carry a concealed weapon. Under 175.60, DOJ must issue a license to an applicant who meets the qualifications established. Under 175.49, DOJ may issue a certification card to qualified former federal law enforcement officers. The statute requires DOJ to: <ul style="list-style-type: none"> Develop and manage a concealed carry license application process. Conduct background checks on applicants. Produce tamper-proof licenses. Issue concealed carry license to qualified applicants. Compile and update a list of other states that conduct similar background checks relating to carrying a concealed weapon. Create and maintain a database file of licensees. Develop an electronic interface with CCAP to notify DOJ of a proceeding that results in the suspension, revocation, or restoration of a license. Establish and manage renewal, suspension, revocation and, appeal processes. Produce annual statistical reports relating to licensees. 		

The Department estimates that it will receive, at a minimum, approximately 100,000 applications the first year generating adequate revenue to support the program. To fulfill its many new responsibilities, DOJ required additional resources to support the implementation of Act 35. The next section lists estimated costs for both FY2012 and FY2013. The majority of the FY2012 costs were funded in Act 35 or the 16.515 request approved by the Joint Committee on Finance. The remaining funding and position authority needed to support program will be requested as needed.

Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)

Fiscal and Economic costs associated with implementing the program are not driven by the Administrative Rule. Rather, administrative costs are driven by the statutory requirements established in Act 35. DOJ does not believe the rule imposes additional costs beyond those necessary to fulfill the requirements of Act 35.

Prior to the enactment of 2011 Wis. Act 35, Wisconsin statutes and administrative rules contained no provisions for issuance of licenses/ certification cards to carry concealed weapons to qualified applicants. The proposed rules are the first to address these subjects.

Act 35 requires DOJ to issue licenses authorizing eligible Wisconsin residents to carry concealed weapons in Wisconsin and to certify firearms safety and training instructors. Wisconsin has not issued licenses/certification cards, so there is the potential for wide variability in the number of licenses/certification cards issued. Based on other States' experience and additional factors including the percentage of Wisconsin's population with hunting licenses and current handgun sales, the Department estimates, at a minimum, that 150,000 licenses/certification cards will be issued over a two year period. The Department's best estimate is that it will issue at least 100,000 permits in the first year, approximately 50,000 in the second year, and may issue more than 200,000 over the 5 year period. While these figures represent the Department's best estimate, each states experience with citizen participation in concealed carry is unique and the actual number of licenses issues cannot be stated with certainty without the supporting data that will be developed in the first two years. Revenues will be directly correlated with the number of completed applications submitted and approved.

The rule establishes a license fee of \$37, as determined by the department, to cover the cost of issuing the license on a 5 year renewal cycle and a \$12 renewal fee for the subsequent 5 years. A \$13 fee for a background check is set by statute in Act 35 together with the authority to set license fees by rule. The fee for a certification card for former federal law enforcement officers is \$12 for the license and \$13 for the background check on an annual basis. The revenue generated by this rule will be dependent on the number of licenses/ certification cards issued. It is estimated that these emergency rules will generate approximately \$5,000,000 in revenue in FY2011 and \$2,500,000 in revenue in FY 2012.

Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule

The proposed rules are predicated on legal analysis by DOJ staff of the language and requirements of Act 35. Based on that analysis, DOJ has determined that the proposed rules are necessary for DOJ to carry out its responsibilities and the legislative directives set forth in Act 35.

Long Range Implications of Implementing the Rule

The proposed rules do not impose any financial or compliance burdens that will have a significant effect on small businesses or a significant economic impact. Accordingly, DOJ has determined that the gathering and analysis of additional data regarding any such effects or impact is unnecessary. The proposed rules do not have a significant

effect on small business.
